## IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT PROGRAMS

Bay State Savings Bank is proud to offer the Home Equity Line of Credit solution that fits your needs. This disclosure contains important information about our various Home Equity Line of Credit programs. You should read this disclosure carefully and make or otherwise retain a copy for your records. The terms "borrower," "you," and "your," refer to the recipient of this disclosure. The terms "lender," "we," "us," and "our" refer to Bay State Savings Bank. The term "HELOC" refers to Home Equity Line of Credit.

Conditions for Disclosed Terms: All of the terms of the programs described below are subject to their respective transaction requirements, and the terms of these programs are subject to change. In the event any of the terms change, other than a change due to fluctuations in the index or to the ANNUAL PERCENTAGE RATE, and you decide as a result not to enter into an agreement with us, you are entitled to a refund of any fees you paid to us or anyone else in connection with your application submitted to us. All programs described below are subject to credit approval, and programs may have loan-to-value ratio, draw, occupancy, and other requirements.

Closing Costs: The Bank will pay the closing costs on each of these home equity line of credit programs, however, you will be responsible for paying the following fees if they are assessed in connection with your loan: the fee for an appraisal if the subject property is a 2-4 family residence or if the loan amount exceeds $\$ 400,000$, discharge related fees, trust related fees, condominium related fees, and any other fees generally necessary to perfect title.

Security Interest: We will take a security interest in your home by recording a mortgage. You could lose your home if you default under your mortgage obligations.

Possible Actions: Under certain circumstances, we can: (1) terminate your line and require you to pay us the entire outstanding balance in a single payment and impose fees upon termination; (2) refuse to make any additional extensions of credit; (3) reduce your credit limit; and/or implement certain changes to the line as specified in the initial agreement. Please ask us for more specific information concerning the conditions under which such actions may occur.

Payment Terms: The total term of each line is $\mathbf{2 0}$ years. You can obtain advances of credit for the first $\mathbf{1 0}$ years (the "Draw Period"). During the Draw Period, payments will be made monthly and your minimum monthly payment will be equal to all accrued interest as of the closing date of the billing cycle, plus any amounts past due. Please note that your minimum monthly payment will not reduce the amount of principal outstanding on this line of credit. After the Draw Period ends, you will no longer be able to obtain credit advances and must pay the outstanding balance over the remaining 10 years of the term (the "Repayment Period"). During the Repayment Period, payments will be due monthly. Your minimum monthly payment will equal $\mathbf{1 / 1 2 0}$ th of the principal balance that was outstanding at the end of the Draw Period plus any finance charges that have accrued on the remaining balance using the average daily balance method, providing the principal payment is no less than $\$ 75.00$, plus any amounts past due.

Tax Implications: You should consult a tax advisor regarding the deductibility of interest and charges under this line of credit.

## OPTION 1: VARIABLE RATE HOME EQUITY LINE OF CREDIT PROGRAM - "HIGH FIVE"

To qualify for the advertised rate, automatic payments from a Bay State Savings Bank checking account are required. If these qualifications are not met, margin will change to $0.25 \%$, thus, the rate would be Prime Rate (published in the Wall Street Journal), minus the margin of $0.25 \%$.

Variable Rate Information: This line of credit has a variable-rate feature, and the ANNUAL PERCENTAGE RATE (corresponding to the periodic rate) and minimum payment may change as a result. The ANNUAL PERCENTAGE RATE does not include costs other than interest. The ANNUAL PERCENTAGE RATE is equal to the value of the Prime Rate published in the Wall Street Journal as most recently published on the last business day of the month prior to each monthly billing cycle (the "Index"), minus $\mathbf{0 . 5 5 \%}$ (the "Margin"), rounded to the nearest one-quarter of one percent ( $0.25 \%$ ). Please ask us for more information about the current index value and the ANNUAL PERCENTAGE RATE. After you open a credit line, rate information will be provided on periodic statements that we send you.

Rate Changes: The ANNUAL PERCENTAGE RATE may change at the beginning of each monthly billing cycle. The maximum ANNUAL PERCENTAGE RATE that can apply is $\mathbf{1 8 . 0 0 \%}$. The ANNUAL PERCENTAGE RATE will never be lower than $5.00 \%$ (floor rate). Other than as disclosed in this paragraph, there are no annual or more frequent periodic limitations on changes to the ANNUAL PERCENTAGE RATE

Examples of Payment Terms: If you made only the minimum monthly payments and took no other credit advances, it would take 20 years to pay off a credit advance of $\$ \mathbf{1 0 , 0 0 0 . 0 0}$ at a variable ANNUAL PERCENTAGE RATE of $7.95 \%$. During that period, you would make 120 monthly payments varying between $\$ 41.67$ and $\$ 150.00$ followed by 120 principal and interest payments varying between $\$ 106.07$ and $\$ 180.19$. If you had an outstanding balance of $\mathbf{\$ 1 0 , 0 0 0 . 0 0}$ during the Draw Period, the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of $\mathbf{1 8 . 0 0 \%}$ would be $\mathbf{\$ 1 5 0 . 0 0}$. This maximum ANNUAL PERCENTAGE RATE could be reached during the first month of the draw period. If you had an outstanding
balance of $\$ \mathbf{1 0 , 0 0 0 . 0 0}$ at the beginning of the Repayment Period, the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of $\mathbf{1 8 . 0 0 \%}$ would be $\mathbf{\$ 1 8 0 . 1 9}$. This ANNUAL PERCENTAGE RATE could be reached during the first month of the Repayment Period.

Fees and Charges: If you terminate the agreement and request a discharge of the mortgage within $\mathbf{3 6}$ months from the date of the Note, you shall then be obligated to pay us a Prepayment Charge of $\$ \mathbf{5 0 0 . 0 0}$. You may be required to pay certain fees to third parties to open a credit line. These fees generally total between $\mathbf{\$ - 0}$ - and $\mathbf{\$ 9 5 5 . 0 0}$. If you ask, we will give you a good faith itemization of the fees that you will have to pay to third parties.

Annual Fee: $\$ 99.00$ fee will be assessed annually; all such fees will be added to your outstanding balance as an Advance.
Transaction Requirements: The Initial Advance: Initial Advance Amount. Lender will make an initial advance of loan funds (the "Initial advance") in the amount of $\$ 10,000$ (the "Initial Advance Amount") that will occur upon the execution of the HELOC Agreement, and after any applicable recission period the minimum line amount is $\mathbf{\$ 2 5 , 0 0 0}$. The maximum line amount is $\mathbf{\$ 5 0 0 , 0 0 0}$. You must carry property insurance on the property that secures this credit line. The secured property must be owner-occupied as a primary residence or second home, and the loan-tovalue ratio must not exceed $\mathbf{8 0 \%}$.

Close Out Clause: Note holder reserves the right without notice to close out and discharge this agreement when the line has had $\$ 0.00$ activity for a period of 36 consecutive months. Activity excludes the $\$ 99.00$ annual fee. Discharge fee will be paid by the borrower.

Historical Example: The following table shows how the ANNUAL PERCENTAGE RATE and minimum monthly payments for a single $\$ \mathbf{1 0 , 0 0 0 . 0 0}$ credit advance would have changed based on changes to the index over the past 15 years. The index values are from the last business day of Index month of each year. While only one payment amount per year is shown, payments would have varied during each year. The table assumes that no additional credit advances were taken, that only minimum payments were made each month, and that the rate remained constant during each year. It does not necessarily indicate how the Index or your payments will change in the future.
